

Special trimming tool makes the connector attachment easier. No further tools are required to prepare the cable for the connector attachment. This is due to the unique design of the trimming tool, which combines all necessary functions in one tool. It can be used for CELLFLEX® LCF 114-50, LCF 158-50 and LCF 214-50 foam dielectric cables.

FEATURES / BENEFITS

- **Precision cable preparation tool**
Always exact and repeatable trimming dimensions
- **Intuitive use of tool**
Easy and precise preparation of cables for connector installation
- **One tool covers multiple cable sizes**
Reduction of the number of tools to handle, cost reduction
