

This series of popular RFS Rapid Release U-Links has been engineered to provide broad frequency bandwidth. Rapid Release U-Links provide manual switching for high power RF circuits and when combined with custom built patch panels, can provide facilities ranging from simple patch panels to fully integrated multi-channel switching. Please consult RFS for details.

FEATURES / BENEFITS

- ◆ Fast, simple lever action
- ◆ Slimline - low profile design
- ◆ Compatible with existing RFS products
- ◆ High stability performance achieved through one-piece milled aluminium body
